About EcoBag West Africa

EcoBag West Africa is the flagship product line of Yarmoah Group — a Ghanaian-owned business founded by Forster Yarmoah. We produce locally manufactured kraft paper bags for supermarket chains, pharmacies, food vendors, and wholesale distributors across Ghana and Nigeria.

The concept was validated in Ghana in 2020–2021 with confirmed purchasing interest from supermarket procurement teams. Ghana's EPA enforcement on plastic bags has since strengthened, and no local competitor has emerged at industrial scale — the window is wide open.

Every bag is produced on the MTED RZFD-450 — industrial machinery used in 120+ countries — delivering the volume and consistency that supermarket chains require. Local sourcing of handles, adhesive, and ink gives us a structural cost advantage over every importer.

UNIT ECONOMICS & COMPETITIVE PRICING

Product Type	EcoBag Price	Imported Paper Bag	Printed Plastic	EcoBag Advantage
Small (20×30cm) — Printed	\$0.055	\$0.10–\$0.15+	\$0.025–\$0.065	–54% vs import
Medium (30×40cm) — Printed	\$0.085	\$0.15–\$0.18+	\$0.025–\$0.065	–53% vs import
Large (40×50cm) — Printed	\$0.120	\$0.20–\$0.25+	\$0.040–\$0.080	–52% vs import
Plain (unprinted, any size)	from \$0.028	\$0.08–\$0.15+	\$0.010–\$0.050	–55% vs import

Why Retailers Are Switching

- Ghana's EPA enforcement on single-use plastic bags is accelerating — retailers face growing regulatory risk with every shipment of plastic bags.
- EcoBag printed paper bags at \$0.055–\$0.120 are 50%+ cheaper than imported paper bags, close enough to plastic that the switch is commercially rational.
- Local production means no import dependency, no currency risk, and no supply chain delays. Bags available on-demand in Accra.
- Custom branded bags included at the same price point — supermarket chains get packaging that promotes their brand at no extra cost.

PERSONALIZED PRODUCTS

Custom-branded bags with your logo, colours, and specs. Inline flexographic printing up to 4 colours.
